## EDUCATION

**Sunbeam School Lahartara** — 2024 – Present

*Grade XII – PCM with Computer Science*

Currently pursuing Physics, Chemistry, Mathematics, and Computer Science. Actively involved in hackathons, MUNs, advanced AI workshops, and competitive technical learning.

**Chinmaya International Residential School, Coimbatore** — Completed 2024

*Class X*

Secured 87.8% overall with 94% in Mathematics. Served as House Captain, and active participant in leadership programs, sports, and MUNs.

## SKILLS

- Python & Django • 95%
- JavaScript, React & Redux • 92%
- HTML, CSS & Tailwind • 90%
- Machine Learning & Data Science • 85%
- REST APIs & Backend Systems • 90%
- Prompt Engineering & Generative AI • 85%
- Leadership & Team Collaboration • 90%

# Laksh Pradhwani

**Aspiring AI & ML Engineer | Full Stack Developer**

## 👤 PROFILE SUMMARY

Grade XII student aspiring to specialize in Artificial Intelligence and Machine Learning. Disciplined, analytical, and solution-driven with strong foundations in full-stack web development, data science, and algorithmic problem-solving. National-level shooter, hackathon performer, and student leader with proven ability to excel under pressure and deliver real-world technical solutions.

## 💼 EXPERIENCE

**AI & Algorithmic Problem-Solving Intern** — Aug 2025 - Oct 2025
IIT MADRAS (ONLINE)

Completed an 8-week intensive program focused on data science, data engineering, supervised and unsupervised learning (KNN, K-Means), and algorithmic problem-solving.

**Full Stack Web Developer Intern** — Oct 2025 – Dec 2025
UNIFIED MENTOR

Built multiple production-ready platforms including Helios (interactive music player), Calibridge (universal calendar exporter), CogniSync (academic appointment and messaging platform), and MarketBridge (digital marketplace for local merchants).

**Web Developer Intern** — Aug 2025 – Sep 2025
MOREYEAHS

Developed a full-stack gig platform using Django and Python. Implemented REST APIs, authentication systems, and complete CRUD functionality with a dynamic frontend.

**IT Intern** — Jun 2025
HOTEL KAVANA

Completed a 20-day on-site internship managing IT infrastructure, automation workflows, and operational technical systems in a professional hospitality environment.

## 🎗 ACHIEVEMENTS

- Regional Winner, VVM National Science Competition (2023); advanced to National Level
- 2nd Position, AFS Tech Ramble – Web Wizards (Website Development & Deployment)
- 2nd Position, Robowars – Impetus '25
- National-level Shooter – 34th Rank, All-India U-17 Shooting Competition
- Top 100 National Rank, Shri Shakti Institute of Technology Quiz (ISRO Satellite Launch Witness)
- Consistent top performer in hackathons including WebWiz – Website Development Hackathon

## ♡ VOLUNTEERING

- Volunteered at a local orphanage and a home for specially-abled children, assisting in basic learning activities.
- Independently organized and led a crowdfunding campaign for underprivileged children (2022).
- Participated in local cleanliness drives and community outreach initiatives.
- Active participant in CHEMUN, IIMUN, and TISB MUN; served in the Press Corps for G20 MUN.
- Member of the Round Square Organizing Committee, contributing to student-led event coordination.
